COMMUNITY NEWS

Holiday Decorations/Outside Lighting: Please remember that all Christmas decorations and outside lighting must be removed within two weeks after the holiday season.

Highly Recommended Winterization Tips: To help protect your home and prevent damage during the colder months, we recommend the following winterization tips:

- Leave indoor water faucets dripping or running at a steady stream to prevent pipes from bursting.
- Set thermostats to no less than 65°F.
- Keep garage doors closed to retain heat.
- Disconnect outdoor water hoses to prevent freezing.
- Open cabinet doors near water faucets to allow heat circulation.
- Never warm your car inside the garage to avoid carbon monoxide buildup.
- Call in all emergency requests promptly to avoid delays.

Thank you for helping us ensure your home stays safe and comfortable this winter!

COMMUNITY UPDATES

Holiday Travel Reminder: Heading out for more than a week this holiday season? Please notify housing by emailing columbusleasing@huntcompanies.com.

Tree Maintenance Project: We have another tree removal and trimming project scheduled soon.

Thank you for your patience as we work to enhance our community's appearance and safety!

MAINTENANCE TIP

Detach All Water Hoses: Disconnect your garden hose from the outdoor faucet to prevent water from freezing inside the hose, which could cause damage to both the hose and the faucet.

Adjust Ceiling Fans: During the fall and winter, set your ceiling fans to rotate clockwise to move warm air upward, helping to keep your home cozy and energy-efficient.
